

Citizenship

Citizenship at Alder Grange is taught across the curriculum at Whole School Level. The Citizenship supports the Values and Aims of Alder Grange.

The pastoral system supports and upholds many of the every day rights and responsibilities associated with Citizenship in action. Including the responsibility afforded to students in Yr 8 as Pupil Receptionists and through Mentoring in Yr 9 as well as the Prefect system in operation in Yr 11.

The Curriculum as a whole supports and enhances Citizenship experiences through subject based reference using a wide range of teaching and learning resources and opportunities such out of classroom experiences like fieldtrips.

Citizenship education is also delivered through organised assemblies, fundraising events, community links as well as a value of the month which is addressed to all members of the school community.

Theme Days offer enrichment in Citizenship education such as Year 8 Global Diversity Day.
